

FOREWORD

The Himachal Pradesh Forest Department is primarily engaged in protection, rehabilitation and scientific management of the forest wealth of the State. Every year afforestation activities are carried out under different Schemes like; Improvement of Tree Cover, Pasture Development, Artificial Regeneration of Forests, Assisted Natural Regeneration, State and Centrally Sponsored, Soil and Water Conservations Schemes, Externally Aided Projects and compensatory afforestation etc.

The information about these schemes is compiled and brought out in the form of a Plantation Brochure provides details about the plantations raised in different circles/divisions. The brochure is a ready reference for use of the statistical data presented in it.

I place on record my appreciation about the efforts made by Statistical Cell of the department in compiling this valuable information and bringing out this publication for the year 2008-09. I hope that the data contained in this brochure would be useful for the functionaries of the department and the public at large.
